

i-Tree Open Academy – Session 1 Q&A

Q: Where can I find your tools?

A: <https://www.itreetools.org>

Q: Where can I contact the i-Tree team?

A: info@itreetools.org

Q: Where can I find out more about i-Tree science, monetary calculations, equations, or tools offered?

A: It is all in the document [Understanding i-Tree: 2021 Summary of Programs and Methods](#) !

Q: Is i-Tree available in my country?

A: You can check if we have i-Tree Eco data for your country on our [location database](#). Even if i-Tree is not available in your country, you can still learn about your tree's benefits! See our [i-Tree International](#) page to get started.

Q: How can I get CEUs or a Certificate of Participation for this Academy?

A: After our final session, we will send out emails and post on our website a link to our post-academy survey. If you have an interest in CEUs or a certificate of participation, you will let us know then. We will handle the rest!

Q: I'd like to submit pollution / precipitation data for my location. What is the required format, and how do I do that?

A: Here is a [general start-to-finish guide](#) for International Eco projects, and [this page](#) under i-Tree Database contains templates for data submittal. For submitting data to Database, you can navigate to 'Add to Database' on the header on database.itreetools.org.

Q: (Science) How do you estimate the structure of a tree that isn't captured in the i-Tree species database?

A: It is an option to use only the genus name if the exact species is not available.

Q: (Science) Does i-Tree have a management component for things like maintenance, tree removal, etc.?

A: In i-Tree Eco, there are optional fields you can enable for recommended maintenance, maintenance tasks, sidewalk conflict, utility conflict, or pests.
